

CFP: IJGI Special Issue "Location-Based Services"

Dear Colleague,

The following Special Issue will be published in ISPRS International Journal of Geo-Information (<http://www.mdpi.com/journal/ijgi>) (ISSN 2220-9964), and is now open to receive submissions of full research papers and comprehensive review articles for peer-review and possible publication:

Special Issue Website: http://www.mdpi.com/journal/ijgi/special_issues/LBS

Deadline: 30 June 2016

This Special Issue aims to provide a general picture of recent research activities related to LBS. We invite original research contributions on all aspects of location-based services, and, particularly, encourage submissions focusing on the following themes (without being limited to):

- * Outdoor and indoor positioning
- * Smart environments and ambient spatial intelligence
- * LBS, crowdsourcing and volunteered geographic information (VGI)
- * Geotagged big data
- * Personalization and context-aware adaptation
- * Visualization techniques for LBS
- * Novel user interfaces and interaction techniques
- * Innovative LBS systems and applications
- * Wayfinding and navigation
- * Cyber-physical systems, Smart cities and intelligent transport systems
- * Mobile healthcare
- * Usability and Privacy
- * Legal and business aspects in LBS
- * Open source solutions and standards

ISPRS International Journal of Geo-Information (ISSN 2220-9964) is an international, open access journal on geo-information. It is a journal of the ISPRS (International Society for Photogrammetry and Remote Sensing) and is published quarterly online by MDPI. The journal covered by the leading indexing and abstracting services, including Science Citation Index Expanded (Web of Science) and INSPEC (IET).

If you are interested in our special issue, please feel free to contact us at ijgi@mdpi.com, or submit your manuscripts at <http://susy.mdpi.com/user/manuscripts/upload?journal=ijgi>.
